# TRIANGULATION DIAGRAM STATE OF KENTUCKY

October 1968

Each 30 minute quadrangle (shown in blue) is identified in the southeast corner by a six digit number showing successively degrees of latitude, degrees of longitude, and position in its one degree quadrangle.

Note: Data may be requested by quadrangle, county, or other unit. Since publication of data in quadrangle units may not be complete for this State, requests for information by quadrangle number will be supplied with data in whatever form is available.

Additional triangulation in this outlined area will be found on triangulation diagram VICINITY OF LOUISVILLE

Additional triangulation in this outlined area will be found on triangulation diagram VICINITY OF CINCINNATI

Additional triangulation and traverse along the Mississippi River will be found in the publication "Triangulation along the Mississippi River, Cairo to Bartlett to Memphis" by the Corps of Engineers, U. S. Army. Copies of this publication may be procured from Army Map Service, 6500 Brooks Lane, Washington, D. C.
