TRIANGULATION DIAGRAM  
STATE OF NORTH DAKOTA

October 1972

4	1
471004	471001
3	2
471003	471002

Each 30 minute quadrangle (shown in blue) is identified in the southeast corner by a six digit number showing successively degrees of latitude, degrees of longitude, and position in its one degree quadrangle.

Note: Data may be requested by quadrangle, county or other units. Since publication of data in quadrangle units may not be complete for this State, requests for information by quadrangle number will be supplied with data in whatever form is available.
