Line of triangulation observed from one station only
Line of triangulation observed from two stations only
MEASURED LENGTH Observed or Taped

Each 30 minute quadrangle (shown in blue) is identified in the southeast corner by a six digit number showing successively degrees of latitude, degrees of longitude, and position in its one degree quadrangle.

4	1
440984	440981
3	2
440983	440982

Key to numbered stations in separate list

Note: Data may be requested by quadrangle, county, or other unit. Since publication of data in quadrangle units may not be complete for this State, requests for information by quadrangle number will be supplied with data in whatever form is available.
