 ————— Monument Length - Paper
 Information may be obtained from the
 Director, National Geodetic Survey, United States
 National Ocean Survey, NGA, Bethesda, MD 20852

Each 30 minute quadrangle follows in blue
 is identified in the southeast corner by a six
 digit number showing successively degrees of
 latitude, degrees of longitude, and position in
 its one degree quadrangle.
 Note: Data may be requested by quadrangle,
 county, or other unit. Since publication of data
 in quadrangle units may not be complete for
 this State, requests for information by quad-
 rangle number will be supplied with data in
 whatever form is available.
